Contents

Preface

PART I: INTRODUCTION TO HUMAN RESOURCE INFORMATION SYSTEMS (HRIS): A SYSTEMS PERSPECTIVE

1. Evolution of Human Resource Management and Human Resource Information Systems: The Role of Information Technology

Michael J. Kavanagh and Richard D. Johnson

Editors' Note

Chapter Objecties

HRIS in Action

Introduction

Historical Evolution of HRM and HRIS

- Pre–World War II
- Post–World War II (1945–1960)
- Social Issues Era (1963–1980)
- Cost-Effectiveness Era (1980 to the Early 1990s)
- Technological Advancement Era and the Emergence of Strategic HRM (1990 to Present)

HR Activities

Interface Between HR and Technology

A Primer on HRIS

- What Is an HRIS?
- e-HRM and HRIS
- Why Do We Need HRIS?
- Different Types of HRIS
- System Development Process for an HRIS

A Model of Organizational Functioning

Themes of the Book

Summary

Key Terms

Discussion Questions

Case Study: Position Description and Specification for an HRIS Administrator

- HRIS Administrator
- Position Summary
- Primary Function

Essential Duties and Responsibilities
Requirements
Qualifications
Case Study Questions
Note
References

2. Database Concepts and Applications in Human Resource Information Systems

Janet H. Marler and Barry D. Floyd
Editors' Note
Chapter Objectives
Introduction
Data, Information, and Knowledge
Database Management Systems
Early DBMSs
Relational DBMSs
Data Sharing Between Different Functions
Data Sharing Between Different Levels
Data Sharing Across Locations
Key Relational Database Terminology
Entities and Attributes
Tables
Relationships, Primary Keys, and Foreign Keys
Queries
Forms
Reports
Introduction to MS Access
Designing an MS Access Database
HR Database Application Using MS Access
Other HR Databases
Data Integration: Data Warehouses, Business Intelligence, and Data Mining
Summary
Key Terms

Discussion Questions

Case Study

Notes

References

3. Systems Considerations in the Design of a Human Resource Information System: Planningfor Implementation

Michael D. Bedell and Michael L. Canniff

Editors' Note

Chapter Objectives

HRIS in Action

Introduction

HRIS Customers/Users: Data Importance

- Employees
- Nonemployees
- Important Data

HRIS Architecture

- The HRIS "Dinosaur"
- Client-Server (Two-Tier) Architecture
- Three-Tier Architecture
- N-Tier Architecture With Enterprise Resource Planning
- Cloud Computing—Back to the Future!?
- Security Challenges

Best of Breed

- Recruitment
- Time Collection
- Payroll
- Benefits

Planning for System Implementation

Summary

Key Terms

Discussion Questions

Case Study: Vignette Revisited

- New Information for the Case: Part 1

New Information for the Case: Part 2
New Information for the Case: Part 3
New Information for the Case: Part 4
Case Study Questions
References

4. The Systems Development Life Cycle and HRIS Needs Analysis

Lisa M. Plantamura and Richard D. Johnson
Editors' Note
Chapter Objectives
HRIS in Action
Introduction
The Systems Development Life Cycle (SDLC)
Analysis
Needs Analysis

1. Needs Analysis Planning
2. Observation
3. Exploration
4. Evaluation
5. Reporting

Summary
Key Terms
Discussion Questions
Case Study: "Planning the Needs of Other Organizations"
Case Study Questions
Note
References
Recommended Readings

5. System Design and Acquisition

Richard D. Johnson and James H. Dulebohn
Editors' Note
Chapter Objectives

HRIS in Action
Introduction
Design Considerations During the Systems Development Life Cycle
Logical Design
Two Ways to View an HRIS: Data Versus Process
Logical Process Modeling With Data Flow Diagrams
Creating and Using the DFD
Physical Design
Working With Vendors
Vendor Selection
Assessing System Feasibility
Technical Feasibility
Operational Feasibility
Legal and Political Feasibility
Economic Feasibility
Summary
Key Terms
Discussion Questions
Case Study
Case Study Questions
Notes
References

6. Project Management and Human Resource Management Advice for Human Resource Information Systems Implementation

Michael J. Kavanagh
Editors' Note
Chapter Objectives
HRIS in Action
Introduction
Project Management Cooperation
The IT Perspective
Project Management Processes
Project Management Approaches and Tools

General IT Factors Affecting PM Success
The Human Resource Management Perspective
Identification of the Steering Committee and Project Charter
Configuring the PM Team
Identification of Available Resources and Constraints
Controlling Project Creep
Selection of the Implementation Team
Software Implementation
Training and Documentation
Critical Success Factors for IT and HRM Issues
Summary
Key Terms
Discussion Questions
Case Study: Implementing an HRIS
Case Study Questions
Note
References

Part II: HRIS Effectiveness Measures and HRM Advice for HRIS Implementation

7. HR Metrics and Workforce Analytics

Kevin D. Carlson and Michael J. Kavanagh

Editors' Note

Chapter Objectives

HRIS in Action

Introduction

A Brief History of HR Metrics and Analytics

Limitations of Traditional HR Metrics

Contemporary HR Metrics and Workforce Analytics

- Using HR Metrics and Workforce Analytics

HR Metrics, Workforce Analytics, and Organizational Effectiveness

- A Common and Troublesome View

Better Problem Solving and Decision Making

- Opportunity Domains of HR Expertise

HR Process Efficiency

- Organizational Effectiveness
- Strategic Realignment

Measurement, Metrics, and Analytics Basics

- Getting Started
- The Role of "Why?"
- Putting HR Metrics and Analytics Data in Context
- Reporting What We Find
- HR Dashboards
- Infographs

Useful Things to Remember About HR Metrics and Analytics

- Don't "Do Metrics"
- Bigger Is Not Always Better
- HR Metrics and Analytics Is a Journey—Not a Destination
- Be Willing to Learn

Avoid the Temptation to Measure Everything Aggressively
HR Metrics and the Future
Summary
Key Terms
Discussion Questions
Case Study
Case Study Questions
Notes
References

8. Cost Justifying HRIS Investments

Kevin D. Carlson and Michael J. Kavanagh
Editors' Note
Chapter Objectives
HRIS in Action
Alternate HRIS in Action
Introduction
Justification Strategies for HRIS Investments
Evolution of HRIS Justification
Approaches to Investment Analyses Make a Difference: Some Guidelines
HRIS Cost-Benefit Analysis
Identifying Sources of Value for Benefits and Costs
Direct Benefits
Indirect Benefits
Implementation Costs
Estimating the Value of Indirect Benefits
Estimating Indirect Benefit Magnitude
Direct Estimation
Benchmarking
Internal Assessment
Mapping Indirect Benefits to Revenues and Costs
Methods for Estimating the Value of Indirect Benefits
Average Employee Contribution

Estimating the Timing of Benefits and Costs
The Role of Variance in Estimates
Avoiding Common Problems
Packaging the Analysis for Decision Makers
Conclusion
Summary
Key Terms
Discussion Questions
Case Study
Case Study Questions
Notes
References

9. Change Management: Implementation, Integration, and Maintenance of the Human Resource Information System

Romuald A. Stone and Richard D. Johnson
Editors' Note
Chapter Objectives
HRIS in Action
Introduction to the Management of Change
Organizational Development
Change Management
The Change Management Process: Science and Art
Models of the Change Process
Overview of Organizational Change
Selected Change Models
Action-Research Model
Lewin's Change Model
Change Equation Formula
Kotter's Process of Leading Change
Important Reminders Regarding Change Models
Why Do System Failures Occur?
Leadership
Planning

Change Management
Communication
Training
Organizational and Individual Issues in HRIS Implementation
Cultural Issues
Resistance to Change
User Acceptance
Summary
Key Terms
Discussion Questions
Case Study: The Grant Corporation
Case Study Questions
Note
References

PART III: HUMAN RESOURCE INFORMATION SYSTEMS APPLICATIONS

10. HR Administration and Human Resource Information Systems

Linda C. Isenhour

Editors' Note
Chapter Objectives
HRIS in Action
Introduction
Technology Support for Job Analysis
Approaches and Techniques
HRIS Applications
The HRIS Environment and Other Aspects of HR Administration
HRM Administration and Organizing Approaches
Service-Oriented Architecture and eXtensible Markup Language
Advantages of XML-Enhanced SOA
Theory and HR Administration
Self-Service Portals and HRIS
Shared-Service Centers and HRIS
Outsourcing and HRIS
Offshoring and HRIS
Summary of HR Administration Approaches
Legal Compliance and HR Administration
HR Administration and Equal Employment Opportunity
U.S. Civil Rights Act of 1964, Title VII, and the EEO-1 Report
EEO-1 Report (Standard Form 100)
EEO-1 and HRIS
Occupational Safety and Health Act Record Keeping
OSHA Form 300 (Log of Work-Related Injuries and Illnesses) and HRIS
Technology, HR Administration, and Mandated Governmental Reporting
Summary of Government-Mandated Reports and Privacy Requirements
HR Strategic Goal Achievement and the Balanced Scorecard
HRM and the Balanced Scorecard

HR Scorecard and Balanced Scorecard Alignment
Summary
Key Terms
Discussion Questions
Case Study: The Calleeta Corporation
Case Study Questions
Note
References

11. Talent Management

Kevin M. Johns and Michael J. Kavanagh
Editors' Note
Chapter Objectives
HRIS in Action
Introduction
Defining Talent Management
Importance of Talent Management
The Talent Management Life Cycle
Attributes for Talent
Job Analysis and Human Resource Planning: Part of TM
Job Analysis
Human Resource Planning (HRP)
Workforce Management/Human Resource Planning with an HRIS
Long- and Short-Term Strategic Importance of Talent Management
Talent Management and Corporate Strategy
Anticipating Change and Creating an Adaptable Workforce
Talent Management and Corporate Culture
Talent Management and Information Systems
The Link Between Talent Management and Human Resource Information Systems
Recruiting Top Talent Using Social Networking Sites (SNSs)
Using Information Systems to Set Goals and Evaluate Performance
Using Analytics for Talent Management
Workforce Analytics and Talent Management

Measuring the Success of Talent Management
Summary
Key Terms
Discussion Questions
Case Study: Vignette Case Continued
Case Study Questions
Note
References

12. Recruitment and Selection in an Internet Context

Kimberly M. Lukaszewski, David N. Dickter, Brian D. Lyons, and Jerard F. Kehoe
Editors' Note
Chapter Objectives
HRIS in Action
Introduction
Recruitment and Technology
The Impact of Online Recruitment on Recruitment Objectives
Attributes of the Recruiting Web Site
Recruitment Strategies and Social Networking
The Relationship of e-Recruiting and HRIS
Online Recruitment Guidelines
Selection and Technology
What Are Selection Tests and Assessments, and Why Are They Used?
Why Is Assessment Important for HRIS?
Technology Issues in Selection
Applying HRIS to Selection and Assessment
Demonstrating the HRM's Value With HRIS Selection Applications
Summary
Key Terms
Discussion Questions
Case Study
Case Supplemental Material
Case Study Questions

References

13. Training and Development: Issues and Human Resource Information Systems Applications

Ralf Burbach

Editors' Note

Chapter Objectives

HRIS in Action

Introduction

Training and Development: Strategic Implications and Learning Organizations

Systems Model of Training and Development

Training Metrics and Cost-Benefit Analysis

HRIS Applications in Training

HRIS/Learning Applications: Learning Management Systems

HRIS T&D Applications: Implementation Issues

Summary

Key Terms

Discussion Questions

Case Study

Case Study: Grandview Global Financial Services, Inc.
Case Study Questions
References
15. Human Resource Information Systems and International Human Resource Management
Michael J. Kavanagh and John W. Michel
Editors' Note
Chapter Objectives
HRIS in Action

Introduction: Increasing Importance of International Human Resource Management (IHRM)
- Types of International Business Operations
- Going Global
- Differences in HRM in MNEs
- Managing Different Types of Employees in MNEs

HR Programs in Global Organizations
- International Staffing
- Selecting Global Managers: Managing Expatriates
- Training and Development of Expatriates
- Performance Appraisal in MNEs
- Managing International Compensation

HRIS Applications in IHRM
- Introduction
- Organizational Structure for Effectiveness
- IHRM-HRIS Administrative Issues
- HRIS Applications in MNEs

Summary

Key Terms

Discussion Questions

Case Study
- Case Study Questions

PART IV: SPECIAL TOPICS IN HUMAN RESOURCE INFORMATION SYSTEMS

16. HRIS Privacy and Security

Humayun Zafar and Dianna L. Stone

Editors' Note

Chapter Objectives

HRIS in Action

Introduction

Employee Privacy

- Unauthorized Access to Information
- Unauthorized Disclosure of Information
- Data Accuracy Problems
- Stigmatization Problems
- Use of Data in Social Network Websites
- Lack of Privacy Protection Policies

Components of Information Security

- Brief Evolution of Security Models
- Security Threats

Information Policy and Management

- Fair Information Management Policies
- Effective Information Security Policies

Summary

Key Terms

Discussion Questions

Case Study: Practical Applications of an Information Privacy Plan

- Scenario 1
- Scenario 2
- Scenario 3
- Case Study Questions

References

17. The Future of Human Resource Information Systems: Emerging Trends in HRM and IT

Richard D. Johnson and Michael J. Kavanagh

Editors' Note
Chapter Objectives
Introduction
Future Trends in HRM
- Health Care Questions
- Business Intelligence
- Demographic Workforce Changes
- Growing Complexity of Legal Compliance
- Virtualization of Work

Future Trends in HRIS
- Bring Your Own Device
- Software as a Service (SaaS) and the Cloud
- Web 2.0
- Social Networking
- Enterprise Portals
- Open-Source Software
- An Evolving Industry
- Evolving HRIS Technology Strategy
- HRIS Moves to Small Businesses

Future Trends in Workforce Technologies
